

**You're invited beyond your perceived borders to the 2006 Georgia Youth Summit.**

You'll be discussing your community's **issues on education, economic development, health and safety** with your

peers and then battling around possible solutions. It will be up to you to take the answers home and use your new problem-solving and teamwork skills to change your community.

Every county will be represented, and

we want you to apply. The summit targets tenth and eleventh grade students so that you'll have a year or two to help your community before moving on to something different.

***This could be the start of something big.***

**APPLY**

Your completed application is due to your county's University of Georgia Cooperative Extension office by **May 15**. Registration materials and information are posted at [www.georgiayouthsummit.org](http://www.georgiayouthsummit.org).

**Life is bigger than your front door. Think about it.**

There is more to living than the place you call home or the city or county limits that put you in one school or another.

**Sept. 30 – Oct. 2, 2006**  
**Rock Eagle 4-H Center**  
**Eatonton, Georgia**
